

MTCOA MEETING MINUTES

BRENTWOOD LIBRARY

FEBRUARY 17, 2011

President Terry Franklin called the meeting to order at 11:40 AM.

Thanks to Michael Vines with SE&I Inspections, LLC for his presentation on Understanding & Interpreting Chapter 4 of the IRC. Special thanks to the City of Brentwood Staff for hosting the class and for providing lunch to the membership.

President Terry Franklin informed the members that he received a request from John Darnell (Tumwater, Washington) who is seeking the position of Secretary of the ICC Board of Directors. He went on to say that it would be a good suggestion for MTCOA to submit a letter of recommendation on behalf of Mr. Darnell. Mr. Terry Cobb spoke up saying that there is still time before the election and suggested waiting until it is known who all the potential candidates will be prior to submittal. This item was tabled for later discussion.

The Tennessee Fire and Codes Academy has asked if anyone would be interested in an assisted response team to aid in the event of a natural disaster. Any municipality or local jurisdiction was urged to contact Roger Hawks at the Codes Academy if interested.

The TBOA Conference will be held April 10-13 in Gatlinburg. Those interested in attending were urged to go online and register.

The March class will be held at Ferguson Plumbing in Nashville. It will be a five hour plumbing class by Steve Yunker, Master Plumber and Plumbing Inspector with the City of Hendersonville.

President Terry Franklin urged everyone to check out MTCOA's website. Patti Meadows has put a lot of time and hard work into the site and it is looking great. All class registrations should be completed online. Members were instructed that if after registering they do not see their name listed to be sure to contact a board member as soon as possible.
